**Re: 12 Day Pre-Primary Report (4/1/08-4/30/08)  
Identification Number: C00444687**

Dear Ms. Pittman:

I am responding to your enclosed letter dated June 25, 2008. The letter request additional information pertaining to the contributors' listed on the above referenced report. Due to unfortunate circumstances I learned about your letter this weekend and received a copy of it today.

The Committee sent a statement with each request for a contribution which asked for the appropriate information. When contributions were received with out the necessary information, designated employees contacted the contributors by telephone or mail requesting the missing information. If we did not get a response within a week, they contacted the individual a second time.

I am scheduled to go out of town this week and will be gone until August 7, 2008. I have asked our bookkeeper to put together the documentation needed to show that we have used the "best effort" in requesting the information.

I sincerely appreciate your patience in this matter. Please call my cell number (502)741-9981 or email me at [rpayne CPA@bellsouth.net](mailto:rpayne CPA@bellsouth.net), if you have any questions.

Sincerely,

Ruth Payne, Treasurer
